

## Boldly Brilliant Beadcentric Jewelry

Earlier in the summer we tipped you in about [The Art of Mixing and Matching](#) and within the article we recommended a beautiful beaded necklace from a posh designer jewelry boutique in San Carlos, Beadcentric Jewelry! Beadcentric Jewelry designs and produces handcrafted jewelry using Czech glass, pearls, semi-precious stones and Swarovski crystal combined with sterling silver, gold-filled or vermeil chains and findings. Color combos range from elegantly soft and sophisticated yet understated to boldly brilliant. Many pieces are custom designed or are one-of-a-kind, you can't beat that! At Beadcentric Jewelry designer April Vanderbilt will help you customize a beautiful piece composed of your favorite colors! Here at TheDailyStyleScout.com we give them 5 Stars...be sure to vote for them on [SFGate.com's BayList](#) for best Designer Jewelry!

If you live in and around the Peninsula or are looking for something fun to do cruise on down to Art on the Square, in conjunction with Redwood City's first Salsa Festival where Beadcentric Jewelry will have a booth! Where? On Hamilton Ave, near Courthouse Square in Downtown Redwood City. When? Friday Sept. 19, 5:00 - 8:30 p.m. & Saturday Sept. 20, 11:00 a.m. - 7:00 p.m. See you there!
